Trustee Murphy	“aye”

General Administration:

- Proposed Rye Lake Filtration Facility – The United States Environmental Protection Agency (USEPA) has required WJWW to construct a filtration plant at Rye Lake and representatives of Hazen and Sawyer Engineers addressed the Board with respect to the scope and associated costs of this project.

The presentation, given by Eileen Feldman, Associate Vice President and Rich Peters, Vice President and Northeast Regional Manager, focused on Dissolved Air Flotation Filtration (DAFF) process, site evaluation, conceptual footprint, cost breakdowns and the project schedule. DAFF is the preferred treatment option based on many factors including: compact footprint of required infrastructure for this type of treatment as well as lower operational and construction costs. This technology is also a proven and effective process which offers additional benefits such as

enhanced coagulation and the ability to reduce haloacetic acid levels in drinking water. The Westchester County Department of Health (WCDOH) approves of this methodology and it is a treatment option used throughout the Northeast as well as in several locations in Westchester County.

The potential site, on Westchester County property adjacent to the Westchester County Airport, has been preliminarily evaluated and appears to be the ideal site in regards to being able to accommodate the footprint of this proposed facility, proximity to existing WJWW infrastructure, and access to the facility from an existing airport accessory road which will help keep tree removal to a minimum. Phase 1 fieldwork done by Hazen and Sawyer, including all preliminary geotechnical, wetland and natural resource testing and historical and archaeological investigations have been favorable for this site. Permits and approvals from numerous agencies, both "Involved and Interested" parties, will be required as the project moves forward including, but not limited to, USEPA, NYS Dept of Environmental Conservation, WCDOH, Federal Aviation Administration and the Town of Harrison, to name a few.

The Hazen and Sawyer cost estimating team estimate of total project cost is \$108 million dollars (inclusive of engineering, inspection and construction costs). Their experience with constructing a comparable 30 mgd DAFF plant in Stamford, Connecticut; a NYCDEP Croton Reservoir DAFF plant as well as other local projects helped to provide a baseline for component costs. Design through construction is anticipated to be 4½ years.

The Manager reported that a presentation to the Westchester County Board of Legislators Environment, Health and Energy Committee meeting on December 10th relating to the proposed Rye Lake Filtration Facility meeting went well. The Manager and representatives of Hazen and Sawyer Engineers reviewed the USEPA directive to build a filtration plant and steps WJWW is taking to comply with this directive. The Legislators were engaged, interested and asked many questions. At the close of meeting they offered their support and assistance, within their capacity, as the process moves forward.

- The 2020 Base Budget and 5-Year Joint Capital Improvement Plan approvals have been deferred to the January 2020 meetings.
- 2020 Retail Water Rates – discussion deferred until January meetings.
- 2020 Wholesale Water Rates – discussion deferred until January meetings.

Manager's Report

No Manager's Report needed at this time.

New Business

- Rye Lake Filtration Facility: A joint capital project (A-1364) to construct a 30-mgd Dissolved Air Flotation/Filtration (DAFF) Facility for WJWW Rye Lake Supply, as required by a directive from the USEPA, was discussed. A site on Westchester County owned property adjacent to Westchester County Airport is being considered for the treatment facility and is expected to be completed in 4 ½ years. Approval of a joint capital project (A-1364) to construct a 30-mgd Dissolved Air Flotation/Filtration (DAFF) Facility for WJWW Rye Lake Supply. Trustee Murphy made a motion to

approve the project in the estimated amount of \$108,000,000 (inclusive of all engineering, inspection and construction costs). Trustee Seligson seconded the motion, all in favor:

Trustee Seligson	“aye”
Trustee Belmont	not present
Trustee Murphy	“aye”

- A proposal was submitted by Hazen and Sawyer for approval to prepare a Basis of Design Report (BODR) and initiate the State Environmental Quality Review Act (SEQRA) procedures for a 30-mgd Dissolved Air Flotation/ Filtration (DAFF) Facility for WJWW Rye Lake Supply on Westchester County owned property adjacent to Westchester County Airport. A draft BODR from Hazen and Sawyer for engineering services to construct the filtration plant is expected in three months' time. The commencement of the BODR initiates the required SEQR process and establishes lead agency status, a position that WJWW intends on declaring. Trustee Murphy made a motion to approve the Hazen and Sawyer proposal for the preparation of a BODR and the initiation of the SEQR process in a not-to-exceed amount of \$658,700. Trustee Seligson seconded the motion, all in favor:

Trustee Seligson	“aye”
Trustee Belmont	not present
Trustee Murphy	“aye”

- Approval for an amendment to the site investigation services rendered by Hazen and Sawyer related to the Rye Lake Filtration Facility is requested. Trustee Murphy made a motion to approve the amendment the amount of \$39,859.63. Trustee Seligson seconded the motion, all in favor:

Trustee Seligson	“aye”
Trustee Belmont	not present
Trustee Murphy	“aye”

- Distribution system modifications at the Rye Lake UV Facility in preparation for maintenance tasks scheduled for January, was discussed. Three large valves will be installed and a section of piping will be replaced during the planned temporary shutdown of the Rye Lake plant. The backup capabilities of the Kenilworth tank make this important maintenance possible. Municipalities were previously notified of this project as part of the 5-Year Joint Project Capital Improvement Plan. Trustee Murphy made a motion to approve the project in the amount of \$500,000. Trustee Seligson seconded the motion, all in favor:

Trustee Seligson	“aye”
Trustee Belmont	not present
Trustee Murphy	“aye”

- The Business Director presented to the Board a listing of delinquent customer accounts in the Town of Mamaroneck for review. Approval for the transfer of water arrears to the Town of Mamaroneck tax levy at a cost of \$43,538.52 is requested. Trustee Murphy made a motion to approve \$43,538.52 for the tax levy transfer. Trustee Seligson seconded the motion, all in favor:
